EXECUTIVE SUMMARY

Braemar Partners, LLC (“Braemar”) and Phoenix Senior Living (“Phoenix”) are under contract to purchase an Assisted Living & Memory Care community. The partnership plans to reposition the community through rebranding, significant capital improvement and with improved first-class operations. The community, Johnson Ferry Senior Living (“Community”) is located at 9 Sherwood Lane, Marietta, Georgia. The Community will encompass 56 total units of Senior Living with a mix of 43 Assisted Living units and 13 Memory Care units with a total approximate building area of 44,000 square feet. The prior name of the Community was the Atria Johnson Ferry and was managed by Atria Senior Living.

The Community is located within Cobb County, specifically in an affluent portion of the county known as East Cobb, which is in the City of Marietta. The Community sits along Johnson Ferry Road, a major thoroughfare in Marietta, and has great visibility from the road.

East Cobb is a community of over 170,000 residents who make up what is widely considered to be one of the most desirable communities in the Atlanta Metro area, generating national recognition for offering its residents a high quality of living. The average household income for East Cobb is approximately \$134,000. Many businesses are attracted to East Cobb and major employers include Well Star, Dobbins Air Force Base, Kennesaw State University and many more. Additionally, East Cobb offers a variety of amenities that include live theatre, museums, restaurants, shops and parks. Marietta Square, in the central part of the area, is a popular spot for entertainment and offers unique restaurants, shopping and entertainment. The Community offers a blend of southern hospitality with great access to Atlanta.

Phoenix Senior Living

BRAEMAR
PARTNERS

COMMUNITY INFORMATION

OVERVIEW

Community Overview

The two-story 56 unit Community was built in 1995 and has many amenities typical to new construction assets such as a two-story entryway foyer and spacious resident unit floorplans. Additional amenities include walk-in showers, individual thermostat control, a patio/courtyard, salon, a private dining room, and other additional amenities.

The Community is currently 68% occupied and occupancy has remained stable over the past 12 months. The Community was previously managed by Atria Senior Living before Braemar and Phoenix purchased the Project.

The Community is directly adjacent to Paper Mill Village, which is a collection of retail, dining and office buildings linked together by pedestrian walkways. The Community is also centrally located to established high-income residential neighborhoods of East Cobb and adjacent Sandy Springs. The immediate surrounding neighborhood has homes priced in excess of \$500,000. The Atlanta Country Club and Indian Hills Country Club are also in direct proximity to the Project.

Land Acreage	1.82 sqft.
Parking Spaces	32
Elevators	1
Parcel Number	1008100040
County	Cobb
Operator	Phoenix Senior Living

COMMUNITY INFORMATION

COMMUNITY SPECIFICS

Community Management

Upon entering an agreement to purchase the Community, Phoenix took over as the new manager. **At the time Phoenix took over management, the Community was 59% occupied. The Community is currently 68% occupied.**

Renovation

Upon closing, the current plan is to upgrade the Community through interior and exterior renovation. Current renovation plans include upgrades to furniture, fixtures and equipment, resident units, common spaces, the outside of the building and the existing courtyards.

Assisted Living Licensure

The most valuable planned renovation includes design work to license the building for an Assisted Living license, as the Community currently operates under a Personal Care license. Braemar and Phoenix are working with the local jurisdiction, the state licensing entity and Niles Bolton Architecture to update the Community's design to meet Assisted Living licensure requirements.

FINANCIAL OVERVIEW

SUMMARY

Capital Structure

The project proforma assumes that the total development will be funded with a 85% LTV construction loan. The remaining 15% of the capital stack will be equity.

Total Project Cost	\$9,462,475
Conservative Value After Renovation	\$10,360,000
Conservative Value After Renovation/Door	\$185,000
Total Project Debt	\$8,806,000
Total Project Equity	\$656,475
Loan to Value	85%
Renovation Timeline	9 Months
Holding Period	36 Months
Stabilized NOI as % of Revenue	26.0%
Stabilized Occupancy	92.86%
Stabilized Time Frame	15 month projection
Unlevered Project IRR	11.62%
Levered Project Equity Multiple	3.0x
Forward 12-Month Return on Cost	9.00%
Exit Cap Rate	7.50%
Exit Value	\$11,357,878

Exit Strategy

The project proforma is written with a 36-month anticipated hold from closing of the community. (Proforma is scheduled to reach a 92.86% occupancy in month 15 of operations). Proforma gross sale price at disposition is \$11,357,878 or \$202,819 per unit, based on an assumed 7.5% terminal capitalization rate using forward cap 12 months NOI minus Capex Reserve. Braemar Partners anticipates a 27 month hold on the asset after the 9 months of scheduled renovation.

MARKET OVERVIEW

MARKET ANALYSIS

The Atlanta MSA

Atlanta, known as the “Capital of the New South”, is the economic, transportation, and cultural hub of the Southeast. Its low cost-of-living, diverse job opportunities, and attractive amenity base has helped entice the largest net migration in the U.S. since 2000.

The Atlanta MSA is one of the fastest-growing areas in the United States. Out of the ten largest U.S. MSA's, Atlanta experienced the fifth highest population growth at nearly 11% since 2010. Over the next five years, Atlanta's population is projected to grow by nearly 7% to 6.2 million residents. Total households, which increased by 1 million since 1990, are projected to increase by almost 150,000 over the next five years.

Atlanta is the economic hub of the Southeast and a top ten U.S. economy based on GDP, which is \$339 billion. In 2016, it ranked fourth in year-over-year job growth out of all MSA's, which totaled 70,800 jobs. Atlanta and its residents benefit from the wide variety of industry that is located in the area. 16 FORTUNE 500 companies are headquartered in the city of Atlanta, which ranks third in the nation.

Atlanta MSA Top Corporate Employers

Employer	# of Employees
Delta Airlines	31,669
Emory Healthcare	26,026
Home Depot	25,000
WellStar Health System Inc.	20,000

MARKET OVERVIEW

MARKET ANALYSIS

Cobb County & East Cobb

Cobb County, where the Community is located, is the third largest county in Georgia (over 700,000 residents) and comprises much of the northwestern portion of the Atlanta MSA. Cobb County is home to the Cumberland / Galleria office market (one of the metro’s largest with nearly 30M SF of office space), Kennesaw State University (third largest university in Georgia, with over 36,500 students), Dobbins Air Reserve Base (the last operational military base in north Georgia), Lockheed Martin (+5,700 Employees), and the Atlanta Braves, who opened a new stadium in Cobb County in 2017.

Within Cobb County, the Community is in the unincorporated area of East Cobb. If East Cobb was a city, it would be larger than any city in the metro area except the city of Atlanta. Wedged between such desirable cities as Roswell, Sandy Springs, Kennesaw and Marietta, East Cobb provides residents with many of the amenities of a large city with benefits of smaller communities, such as strong schools and low crime rates. In 2016, East Cobb was named the top spot to live in Georgia as part of Money Magazine’s “Best Places to Live in America” list.

MARKET OVERVIEW

MARKET ANALYSIS

Johnson Ferry Senior Living Market

The Atlanta MSA is one of the fastest growing metro areas in the south and this growth is projected to continue. This growth has resulted in high population density in the suburban markets, including Cobb County. Within our proposed Community's 1-3 mile demographic radius are some of the Atlanta MSA's wealthiest zip codes:

1. 30068 – Marietta
2. 30328 – Sandy Springs

The Community is positioned in a prime location to capture the current and future growth of Atlanta. The Community is directly positioned between the wealthiest zones of Marietta and Sandy Springs. There are no large parcels of land remaining in the communities of Marietta and Sandy Springs. The local economy has benefited with new construction along the Interstate 75 / 285 interchange, with the brand-new SunTrust Park stadium and surrounding mixed use development, The Battery.

The Battery, which is estimated to have cost \$550 million, is an unprecedented 1.5 million-square-foot facility that features top restaurants, bars, shops, and an amphitheater. The Battery also includes the new regional Comcast headquarters (1,000 employees), an Omni hotel, and 600 residences for people seeking a true work/play/live environment.

The Cumberland / Galleria submarket, located 7.8-miles from the Community, is most recognizable as the area surrounding the I-75 / I-285 interchange in Northwest Atlanta. Per CoStar, the Cumberland / Galleria submarket is the 4th largest office market within Atlanta, totaling nearly 30 million square feet and trailing only the Downtown, Central Perimeter, and North Fulton submarkets in total square footage. Since 2012, the submarket's Class A and B office rents have seen an annual growth rate of 5%, and since 2014 an annual growth rate of 8%. This recent surge in office rents can be attributed to many things, namely the massive SunTrust Park development and the continued Atlanta job growth that ranks near the top nationally. Major tenants in the submarket include: The Home Depot, Genuine Parts (owner of Napa Auto Parts), RaceTrac, HD Supply, and Comcast.

In addition to strong a strong office market and high-income neighborhoods, the Community's 1-3 mile demographic radius includes zoning to some of the highest ranked public schools in the state of Georgia. Pope, Wheeler and Walton high-schools attract many families in the Atlanta MSA to Cobb County.

MARKET OVERVIEW

DEMOGRAPHICS

Metro Market

Stabilized competitive Senior housing communities in our 1-3-mile radius market have maintained overall occupancies of 92%. There is one small Memory Care only community that is in lease-up after being redeveloped from past use as hospice facility. There are currently four communities in our 3-mile radius and one community in our one-mile radius. The 1-3-mile radius Assisted Living and Memory Care markets contain a total of 264 Assisted Living beds/units and 101 Memory Care CON beds/units. Of the five total competitors, one, the Solana East Cobb, is under construction and scheduled to open fall 2018.

As of the 1Q2018, Assisted Living occupancy was 91.5%. The median size of an Assisted Living Community is 60 Assisted Living units/beds and 25 Memory Care units/beds. Average rental rates based on current competition surveys are:

Assisted Living

\$4400/\$4730 (Studio/1 bedroom) per month excluding any additional level of care charges.

Memory Care

\$6200 (Private Studio) excluding any additional level of care charges.

MARKET OVERVIEW

DEMOGRAPHICS

Primary Market Area (PMA)

There are 7,139 Qualified Care Givers (QCGs) in the PMA (3-mile radius) that exceed household income of \$100,000+ per year. In addition, there are 8,188 care givers that earn \$75,000+ per year in the 3-mile radius. A QCG is defined as an adult child household age of 45-64 with a median household income of \$100,000+ per year. There are also 1,515 Seniors with ages in excess of 75+ in the 3-mile radius aged with median household incomes in excess of \$50,000+.

The median household income for those households age 45-54 in the PMA (3-mile radius) is \$148,801 and 55-64 incomes are \$139,563 with median home values of \$471,076. The median income for those households age 45-54 in the 1-mile radius is \$186,746 and 55-64 incomes are \$139,940 with median home value is \$555,976.

“Braemar is very familiar with this market and firmly believes that the Claritas data is conservative and that the demographics are stronger than presented. Hence, we feel extremely good about acquiring a Senior Living community in such a strong market.”

		1 Mile			3 Miles			Johnson Ferry Senior Living - East Cobb

Source: EnviroNics

MARKET OVERVIEW

COMPETITION

Market Competitors (PMA)

The existing competitors in the PMA are summarized as follows:

1-Mile Radius

Thrive Memory Care at East Cobb

This Memory Care only community was established in 2017. The community is a renovation of a previous hospice facility into a 25 unit MC only community. The community opened in the fall of 2017 and is currently 38% occupied. The community is one story and across the street from Johnson Ferry Senior Living. Even though the Thrive community is across the street, the care rates for the property are higher than Johnson Ferry Senior Living.

3-Mile Radius

Arbor Terrace at East Cobb

This Assisted Living and Memory Care was established in 1998. The community is two stories and 1.6 miles away from the development site on the same road as Johnson Ferry Senior Living. This community is considered a direct competitor, however, the community charges higher rates than Johnson Ferry Senior Living. This property is 94% occupied and operated by the Arbor Company.

Solana at East Cobb

This high-end Assisted Living and Memory Care community is currently under construction and slated to open fall 2018. Within the 3- mile PMA radius, this community will be on the highest end of the spectrum regarding rates and community level interior and exterior finishes. Solana East Cobb will be an indirect competitor due to higher rates and the quality of the building. The Solana East Cobb is operated by the Arbor Company. Johnson Ferry Senior Living will capture residents that do not choose to pay the higher rates at the Solana.

Sterling Estates at East Cobb

Sterling Estates of East Cobb is a unique senior living development comprised of Independent Living cottages and Assisted Living suites on a large campus. The Assisted Living suites and community amenities are centrally located and surrounded by the Independent Living cottages. The community consists of 90 Assisted Living units and has a strong occupancy of 97%. There are no Memory Care units at the community. The community opened in 2012. Sterling Estates is not a primary competitor due to the age of the facility and lack of Memory Care units.

Sunrise of East Cobb

Sunrise of East Cobb opened in 2001 and offers both Assisted Living and Memory Care. The community was designed in the familiar mansion style building and seems to have deferred capital expenditures on the inside of the building. The community is 85% occupied. The community is 3.2 miles (by road) from Johnson Ferry Senior Living and is just down the road from the Arbor Terrace and Solana competitors. Sunrise of East Cobb is a primary competitor due to the age of the building and rate structure.

About Braemar

Braemar Partners was founded by a diversified team of real estate and construction professionals with experience in all facets of the development process. Our company's foundation is set on the principle that no challenge is too great and every challenge creates opportunities for positive change, resulting in amazing communities for Seniors. Our experiences are inspiration to challenge us to improve the quality of life for our residents and maximize the returns of our investment partners.

Braemar Partners successfully navigates the challenges of site selection, entitlement, program/design, and construction with a strong "hands-on" approach. Each project is managed as if it is our personal investment. Emphasis on schedule and budget is the foundation of our strength. Our track record is strong. We have delivered every project on time and within budget, by remaining engaged through the entire programming, entitlement, design, and construction process. Ultimately, our team has delivered positive investment returns in excess of underwriting since 2007.

Our success in controlling costs without compromising quality is achieved by creating a positive rapport with all parties involved, including, but not limited to, lenders, local officials, architects, engineers, contractors, vendors, and the asset management team. With experience throughout the country, Braemar Partners has the expertise to assist regardless of the project location.

CLIFF STANFIELD

PRINCIPAL

Cliff is a founding principal of Braemar Partners. He is a proven construction and development professional with more than 19 years of expertise in multiple real estate asset classes. Prior to founding Braemar Partners, Cliff was the Vice President of Project Development for a national senior living developer, Formation Development Group. During his 10 years with FDG, he was actively involved in the development of 14+ Senior Living communities totaling over 1761 new units with an aggregate value of over \$500 million. In addition to new construction, Cliff helped develop over 579 units of value add Senior Housing. Prior to joining Formation Development Group, Cliff worked with Capital Design Group & The Melrose Company. In addition to his real estate development career, he has designed and renovated golf courses in over 15 states as well as abroad.

Cliff received his MSc (Master of Science) from Edinburgh College of Art in Scotland and his undergraduate in landscape architecture from Auburn University. He is registered to practice Landscape Architecture in the State of Georgia. Cliff has lived in Atlanta since 1998 and is married with two young children.

Representative Experience

(The following development budgets range from \$17,000,000 to \$51,000,000)

- Solana Cinco Ranch totaling 184 units of Independent Living, Assisted Living, and Memory Care. Located within a Newland Communities master-plan and retail lifestyle center in Katy, Texas.
- Solana Germantown totaling 182 units of Independent Living, Assisted Living, and Memory Care. Located along the prominent Poplar Avenue in the Memphis suburb of Germantown Tennessee.
- Solana Olney totaling 79 units of Assisted Living and Memory Care. Located in Olney, Maryland, which is in Montgomery County known as one of the nation's toughest counties to entitle a project.
- Solana Vintage Park totaling 87 units of Assisted Living and Memory Care. Located within the Vintage Park lifestyle center and master-plan community in NW Houston, Texas. The Solana Preserve at Vintage Park, a second phase, was added in the same master-plan. The stand-alone Independent Living community consists of 117 Independent Living units with full service amenities.
- Solana West County totaling 87 units of Assisted Living and Memory Care. Located in the prestigious West County community in Ballwin, Missouri.

JAMES L. RHODEN, III

PRINCIPAL

Jay is a founding principal of Braemar Partners and focuses on development, legal, due diligence and compliance issues for the Company. He has a diverse background of real estate experience across multiple industry sectors. In addition to his role at Braemar, Jay is a Managing Principal of the Macallan Group LLC, a diversified portfolio of real estate and construction companies.

Prior to Macallan, Jay worked in the development group of Carter, an international, full-service commercial real estate firm based in Atlanta. His responsibilities at Carter included high rise office development throughout the Southeast with a focus on pre-development of multiple new deals through leadership of proposal and analysis / due diligence teams on both fee and equity build to suit opportunities. Significant projects included managing all aspects of development of 850,000 sf of high and mid-rise office space in two build to suit office towers and a 2,500 car deck at BellSouth's Midtown Center in Atlanta (\$260 Million budget).

An Atlanta native, Jay holds J.D., M.B.A. and B.A. degrees from the University of Florida, and has focused his career on commercial and residential real estate construction and development.

He also is heavily involved in civic and community affairs and currently serves as a member of the Urban Land Institute, the Council for Quality Growth, the Florida Bar, and the Regional Civic League. He also is past president of The Commerce Club's New Century Forum, a past member of the Commerce Club Operating Board, and is a graduate of Leadership Cobb, Regional Leadership Institute, and the ULI Center for Leadership. Jay has also served for over fifteen years as a local reserve law enforcement officer.

Representative Experience

- Development Partner overseeing multiple mixed use projects in and around Metro Atlanta including multifamily, retail, hotel, senior, and single family components.
- Managing Principal of General Contractor that has completed over a dozen senior housing projects over the past five years including cottage and high rise IL, mid-rise AL, and Memory Care product types.
- Asset Management of Gwinnett County Neighborhood Stabilization Program involving the acquisition, rehabilitation, and disposition of over 100 single family properties.
- Multiple land assemblage, entitlement and disposition projects across the southeast.
- Entitlement and sale of 150 acres for active adult and Assisted Living projects in Gwinnett County, GA.
- Entitlement and sale of 200 acres for mixed use project in the Florida Panhandle.
- Acquisition, Entitlement, and horizontal development of over 10,000 residential lots in Metro Atlanta in multiple master planned communities.

DEAN de FREITAS PRINCIPAL

Dean is a founding principal of Braemar Partners and has been employed in the construction industry for almost thirty years. He has extensive project management and operational experience, and is a Managing Principal of The Macallan Group, LLC. Prior to joining Macallan, Dean served for nine years as the Operations Manager for Tayco Contractors, a sitework contracting company, where he had overall responsibility for all operations including business development, estimating, construction management and client relations for the firm.

His background also includes experience as a Senior Project Manager in the Heavy Civil Group of Beers Construction Company (now Skanska USA), managing a number of projects including dams, water & wastewater treatment plants and bridges, and as a Foundation Engineer with George Hyman Construction Company (now Clark Construction), engineering and constructing specialty foundation projects.

Dean graduated from The Tulane University of Louisiana with a degree in Civil Engineering and is a Licensed Utility Manager in the State of Georgia. He currently resides in Metro Atlanta with his family.

Representative Experience

- Management of over \$90 million in site work construction contracts including complex projects in urban settings and large university campuses. Clients include the Centers for Disease Control, MARTA, Carter & Associates, Cousins Properties, Emory University, and Turner Broadcasting.
- Management of sales and construction of spec home development at Harmony on the Lakes in Canton, GA. Harmony is a master-planned community with over 1,500 lots and was the #1 selling master-planned community in Atlanta for three years.
- Senior Project Manager for a \$40 million water treatment plant project in Greenville, SC including 30,000 CY of self performed cast in place concrete, and eight process structures with associated treatment equipment and piping.
- Project Manager for the \$38 million Georgia International Plaza, an elevated park constructed for the Georgia World Congress Center Authority prior to the 1996 Olympic Games on multiple elevated bridge structures spanning active railroad and MARTA tracks. The project received an ACI Award for Concrete Construction.
- Project Manager for Lower Towilaga and Long Branch Dams in Henry County including the construction of a roller compacted concrete dam in an active waterway on the Towilaga River and an earthen dam with emergency spillway for a new impoundment of the Long Branch Creek.

Phoenix Senior Living

Phoenix Senior Living is a company of people serving people. Everything we do is deeply reflective of that foundation. The Phoenix Senior Living difference is built on the understanding that aging and memory loss affects everyone differently; therefore care and services for seniors should be designed to serve the uniqueness of each individual. A dedicated team of trained, engaged, and loyal associates delivers all individualized and group programs. This team appreciates the complexities of the aging process and shares our core belief, “When it comes to your loved one, EVERYTHING matters.”

At Phoenix Senior Living, our Live, Love, Learn signature program is designed to coincide with the National Wellness Institute’s Six Dimensions of Wellness: Emotional, Physical, Cognitive, Occupational (Sense of Purpose), Social, and Spiritual Wellness. Our skilled teams work together to ensure our Assisted Living residents, Day Club seniors, and Respite Care guests are actively engaged in each of the six dimensions of wellness every day.

Wellness is measured with the following benchmarks in mind:

- Exhibits a positive attitude – Emotional Wellness
- Exercises regularly – Physical Wellness
- Engages in intellectual or cultural activity – Cognitive Wellness
- Sets goals – Sense of Purpose
- Socializes with friends and family – Social Wellness
- Spends time in prayer and/or meditation – Spiritual Wellness

JESSE MARINKO

CEO & Founder

For over 14 years, Jesse Marinko has worked in the senior housing industry throughout the East Coast in multiple capacities. He has worked on both the finance and operations side of the business. While in finance, he served as the Vice President of Acquisitions where he was responsible for multiple acquisitions which included a continuing care retirement community and assisted living and memory care communities. While serving in operations, he served as Vice President of Operations over a New England based portfolio. The region consisted of 24 communities, ranging from continuum care retirement, independent living, assisted living/memory care and skilled nursing, serving approximately 2,200 residents in total. The portfolio generated \$200 million in total annual revenue. Marinko's focus on quality was reflected in deficiency-free state surveys at 17 out of 24 communities under his leadership in the New England market. In his career he has been responsible for the development and implementation of front-line training programs that allowed associates to gain skills necessary to develop into department head level managers. Marinko holds both his Bachelors and Masters in Business Administration from the University of West Georgia. He also was a member of the Georgia chapter of the Assisted Living Federation of America (ALFA).

MEGGAN DREW

Chief Financial Officer

As chief financial officer, Meggan Drew is responsible for all of the company's financial functions including accounting, audit, treasury, corporate finance and investor relations. Her career spans more than 20 years of varied experience in domestic and international financial management, business leadership and corporate strategy. Before joining Phoenix Senior Living, Meggan held multiple positions in the senior living industry including corporate finance and investments. Prior to senior housing, Meggan was Vice President of Corporate Finance for an international software company with locations in five countries. During her career, Meggan has developed superior analytical skills with an established record of success in complex financial modeling and reporting with a proven track record of deficiency free audits. Meggan is a firm believer in strategically implementing cutting edge technology to increase profits, productivity, and competitive edge.

TIM BUSH

Chief Operating Officer

Tim brings 20 years of operational experience in post-acute and senior housing with progressive levels of responsibility up to his current role as Chief Operations Officer. Starting as a Nursing Home Administrator in Minnesota, He quickly moved into a role as a multi-site manager and then progressed to a VP role covering multiple states including Minnesota, South Dakota, Iowa and Nebraska with operational oversight of skilled nursing facilities as well as senior housing. Tim's next career move was a large chain organization as a Division president with operational oversight in multiple states. In addition to his extensive experience his expertise includes the areas of strategic resource planning, organization and leadership development, policy development and administration, revenue development and expense control, influencing government policy and budgetary development and planning. Tim's background includes extensive involvement in association and political committees and served as the past President Elect for the South Dakota Healthcare association. He served on the Board of Care Providers of Minnesota for approximately 10 years and was also a Master Examiner with the American Healthcare Association Quality awards program. Tim holds a B.A., Business Administration degree with completion of Healthcare Administration (Hospital) and Long-Term Care Administration Certifications. Concordia College, Moorhead, MN.

YOLANDA DOLEY HUNTER

Vice President Quality Assurance & Human Resources

Yolanda Doley Hunter joins the Phoenix Senior Living team with not only 15+ years of extensive experience in Senior Living operations, her expertise also includes 22 years of Social Service experience ranging from case management, residential rehabilitation and individual counseling with a private counseling firm. Yolanda's expertise in senior living operations includes design and implementation of onboarding and training programs for front line teams and executive level staff, as well as providing operational oversight to single and multi-site communities. Yolanda has successfully developed company-wide policies and procedures and employee training material and programs, and was instrumental in securing the appropriate ALF licenses for acquired and newly developed communities in multiple states at Phoenix. She has created resident assessment and care planning processes and tools to comply with multiple state regulations, as well as identifying and monitoring key metrics for measuring the operational performance of Phoenix communities.

MACALLAN CONSTRUCTION

1642 Powers Ferry Road SE
Suite 250
Marietta, Georgia 30067

Christian Jacobsen, Director of Operations
c.jacobsen@macallanconstruction.com
(404) 603-8833 (Office) | (404) 984-3960 (Cell)

Founded in 2002, Macallan Construction is a versatile general contractor that is known for seamlessly executing complex projects in occupied environments. Based in Atlanta, Macallan takes pride in its ability to tailor custom solutions to meet the challenging and diverse needs of our clients.

We were founded by principals that were able to bring together their complementary skills to form a diversified company with the ability and experience not typically found in a commercial general contractor our size. By integrating all aspects of the construction industry, Macallan can execute the most challenging construction projects and deliver the highest quality end-product for the best possible price.

Macallan's management team comes from diverse backgrounds in real estate development, engineering, and general contracting, providing a unique perspective on the needs of our clients. Our goal is to provide value added services to our clients with integrity and professionalism. Macallan's field personnel are some of the most experienced and professional in the southeastern United States. Our employees are trained in the latest building techniques, and are dedicated to providing quality and value to our clients in a safe and environmentally responsible manner.

Macallan is a relationship based company and a large part of the success experienced to date is attributable to our strategy of forming long term relationships with select clients. We believe strongly in a team approach and offer transparency to clients which they appreciate. At the end of the day, our job is to bring the project in on or under budget and on or ahead of schedule. That is what we strive for and by consistently achieving those goals for our clients, we are able to earn repeat business.

Our areas of expertise include: senior/assisted living facilities, higher education, clubhouses, multi-family, historic restoration, medical office, parks and recreation and office tenant improvements, as well as non-profit and public projects.

CONSTRUCTION MANAGEMENT SERVICES

Macallan Construction provides comprehensive construction management services for all project types and size. Although our work is complex, our approach is simple; we apply a team approach to every project and treat all team members as we would want to be treated. This philosophy is evident in the way we coordinate, supervise, and execute the construction work while ensuring that the project is completed safely, within the budget and schedule requirements, and at the quality documented during preconstruction/design stage. By utilizing our experienced and professional management staff, subcontractors, and suppliers we will provide the necessary labor, materials, tools, and equipment to execute every phase of the project from preconstruction to turnover.

Our clients repeatedly choose us because of our team approach and company philosophy. In addition, we staff every project with the right personnel to ensure the right results. For every job, our project team works in concert with the owner, architect, subcontractors and engineers.

For our clients, this means:

- A single point of responsibility to consolidate liability and avoid project conflicts.
- Proven budgeting, scheduling and cost-control systems to effectively manage complex design and construction programs or large construction management-at-risk programs.
- Integrated project management control systems to help our clients consistently meet regulatory deadlines and strict budgetary requirements on PM/CM programs.
- Cost savings through streamlined procurement processes.
- Local and regional expertise to tackle permitting requirements, regulatory concerns and challenging local political and economic issues.
- Proactive community outreach measures to build trust and provide jobs to local firms, leaving a lasting, positive legacy long after the project is complete.

We offer a full range of alternative delivery methods and pricing options tailored to fit client and project needs. These methods include construction management-at-risk, design/construction management-at-risk, construction management-as-agent and flexible pricing approaches. We tailor the specific delivery system, project approach and pricing structure to fit client and project needs, to ensure successful project solutions and outcomes.

PERSONNEL RESOURCES

Macallan currently has fifty employees, and we maintain close relationships with a wide array of subcontractors which allows us to scale up if needed on a very rapid basis.

Specific classifications and numbers of employees are as follows:

(3) Principals/Company Owners	(4) Estimators	(1) General Superintendent	(5) Administrative Staff
(1) Director of Operations	(7) Project Managers	(9) Superintendent/Foremen	(2) Marketing
(1) Director of Preconstruction	(4) Project Administrators	(14) Carpenters/Labor	(1) Controller

PROJECT TEAM

INTERIOR DESIGNER

Founded in 1992 by Adrienne Faulkner, Faulkner Design Group, Inc., is a fully integrated interior architecture and design firm specializing in multifamily housing and Senior Living environments; completing over 650,000 units in 2,000 communities across 37 states, from Hawaii to New York, and even Canada. We offer comprehensive design services during the architectural development and construction planning phases of projects, approaching each design solution as a fingerprint in which no two are alike.

In 1999, Faulkner Design Group opened Design Expediting Services International, a 16,000 square foot warehouse business, to support the centralized management of receiving, warehousing, delivery and installation of FF&E for all its projects. In 2004, Faulkner Design Group became the first interior design firm in the country to adopt REVIT in order to help clients reduce unnecessary cost implications due to CAD inefficiencies and thereby reducing change orders. By 2008, FDG was one of the Dallas Top 100 Fastest Growing Companies.

Today, our colleagues include, JPI, Monogram, NREA, USAA, Stoneleigh Companies, Millcreek, Alliance, Trinsic, Southern Land, Legacy Partners, Avalon Bay, The Carlyle Group, Greenbrier Development, Shelbourne Healthcare, Formation Development, Capital Seniors Housing, and Stonecrest Senior Living.

We are consistently moving FORWARD, learning and growing, anticipating future trends and utilizing advanced technologies. FDG embodies the power and synergies of proactive teamwork and unparalleled vision to create living environments that are consistently the best in the market and which stand the test of time. We are passionately DEDICATED to building relationships with clients, vendors, family, one another and the world. We are removing barriers, standardizing methods and adhering to higher building standards [green and sustainable]. We have a Universal Understanding™ of GLOBAL design and embody our motto of “Design Driven Marketing”. For over two decades, we have provided trend-setting and award-winning interior architectural and design services and continue to be committed to working with clients, architects and all team partners to create resident-centered design that is tailored to the target market’s demographics. We know that smart, creative design and careful team planning will result in lower maintenance and operating costs, and we also recognize the importance of sustainable design, which can assist in reducing associated costs. We specify \$75-100 million per year in products and materials. This strong buying power is a result of long term relationships with our vendors, which ensures that we are able to purchase at the lowest possible prices for our clients. FDG’s full service capabilities mean we consistently deliver a high quality product on time and on budget. Our philosophy of “Design Driven Marketing™” is a proven concept that helps us achieve environments that encourage human interaction and promote a sense of community and belonging. Our clients often credit FDG with much of their leasing and sales success, and most are repeat customers whom we have done business with for many years.

INTERIOR DESIGNER

STACY PETERS

Director of Design - NCIDQ, RID, LEED AP ID+C

Since joining Faulkner Design Group in 1999, Stacy Peters has made it her mission to infuse quality living into the platinum years. Now as a Director of Design and the Department Lead, she is in charge of client development, project management and quality control within the firm. Stacy has a personal passion for Senior Living design and understands the details required to meet specialized needs in all levels of care. Known throughout the design community for being able to translate a vision into reality, her client list includes Greystone Communities Inc., Greenbrier Development, Formation Development Group, Shelbourne Healthcare, The Carlyle Group, Capital Seniors Housing, and Stonecrest Senior Living. She earned her Bachelor's Degree from Purdue University, and is a Registered Interior Designer, NCIDQ Certified and LEED AP ID+C.

CHRISTINE CLARK

Project Manager - NCIDQ

Christine Clark has been a part of Faulkner Design Group team for the past four years. During that time, she has loved the ability to practice the creative thinking she savors, shared with the meticulous and detail oriented thinking she values. For every project, she enjoys watching it transform into something unique, special, and beautiful. Christine graduated with a B.S. in interior design, at Baylor University. She was very successful throughout her education and was recognized statewide among her peers in First Place Residential Design, First Place Collaborative Design, and First Place Group Charrette by ASID (American Society of Interior Designers). Christine is a LEED Green Associate and a member of the NEWH (Network of Executive Women in Hospitality), Dallas Chapter. She is a strong advocate of perpetual learning and growth.
